

**SANTA YNEZ COMMUNITY SERVICES DISTRICT**

**MEMORANDUM**

**TO:** Board of Directors  
**FROM:** Loch A Dreizler, General Manager  
**DATE:** May 17, 2023  
**SUBJECT:** Adopt Resolution 23-517, electing to have sewer fees collected on the tax roll for the fiscal year 2023/2024.

**Recommendation/Motion:** Adopt Resolution 23-517 to collect sewer fees on the County tax roll for the fiscal year 2023/2024.

**Policy Implications:** The California Health and Safety Code Section 5473 et seq. provides general taxes, sewer service charges, sewer availability charges, specific sewer capacity fees, and other expenses for collection on the tax roll.

Section 6066 of the Government Code specifies that the public hearing notice for collection of sewer fees on the tax roll shall be published in a newspaper of general circulation within the entity. If one does not exist, then in a paper published in the County.

**Fiscal Implications:** Sewer fees account for most of the Districts' annual income. Placing the sewer fees and related charges on the tax roll gives the District a lump sum revenue in December and April. In addition, it guarantees that the District receives payment when the property taxes are paid.

Placing the sewer fees on the tax roll eliminates the administrative burden of direct customer billing and collection. Collecting sewer fees on the tax roll is common for public agencies that only provide sewer services. Special Districts providing water and sewer can disconnect water service to properties when utility bills are unpaid. However, there is no mechanism to disconnect sewer services.

**Alternatives Considered:** Do not approve the Resolution. However, if the Resolution is not approved, the District will need to implement direct billing of customers. Additional administrative staff would be required to implement direct customer billing, and unpaid collections would likely be contracted to a collection agency.

**History:** The District has placed sewer fees and related charges on the tax roll as far back as the records indicate.

**Discussion:** Approving this Resolution is part of the process of placing the sewer fees and other related fees on the tax roll.

- The Report is a list of parcel numbers the District serves with the proposed charges for the fiscal year 2023/2024.
- The Public Hearing notice informs the property owners what sewer fee charges will be placed on the tax roll. This notice gets published once a week for three weeks in the Santa Ynez Valley News.
- The public hearing notice must be published in a regularly circulated community newspaper per the Government Code. Public hearing notice publication cost depends on the newspaper selected.
- The District has historically not received any public comments or protests regarding collecting sewer fees on the tax roll.
- The tax roll report is due to the County of Santa Barbara no later than the first week of August.
