INDEPENDENT AUDITORS' REPORT

Board of Directors
Santa Ynez Community Services District
Santa Ynez, California

We have audited the accompanying financial statements of the Santa Ynez Community Services District (District), which comprise the balance sheet as of June 30, 2021, and the related statement of revenues, expenses and changes in net position and cash flows for the fiscal year then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District as of June 30, 2021, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Prior-Year Comparative Information

The financial statements include partial prior-year comparative information. Such information does not include sufficient detail to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2020, from which such partial information was derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a separate report dated December 31, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

SANTA YNEZ COMMUNITY SERVICES DISTRICT
Management's Discussion and Analysis (Unaudited)
For the Years Ended June 30, 2020 and 2019

Management's Discussion and Analysis (MD&A) offers readers of SANTA YNEZ COMMUNITY SERVICES District's financial statements a narrative overview of the District's financial activities for the year ended June 30, 2020. This MD&A presents financial highlights, an overview of the accompanying financial statements, an analysis of net position and results of operations, a current-to prior year analysis, a discussion on restrictions, commitments and limitations, and a discussion of significant activity involving capital assets and long-term debt. Please read in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- In fiscal year 2021, the District's net position decreased 0.99% or \$77,936 from the prior year's net position of \$7,878,663 to \$7,800,727, as a result of the year's operations.
- In fiscal year 2021, total revenues increased by 0.14% or \$2,846 from \$2,011,115 to \$2,013,961, from the prior year, primarily due to an increase in the sewer service charge collected with a decrease in investment earnings.
- In fiscal year 2021, total expenses increased by 10.55% or \$214,549 from \$2,032,808 to \$2,236,523, from the prior year, primarily due to an increase in depreciation expense.

REQUIRED FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Balance Sheet, Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows provide information about the activities and performance of the District using accounting methods similar to those used by private sector companies.

The Balance Sheet includes all of the District's investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing a rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenue and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position. This statement measures the success of the District's operations over the past year and can be used to determine if the District has successfully recovered all of its costs through its rates and other charges. This statement can also be used to evaluate profitability and credit worthiness. The final required financial statement is the Statement of Cash Flows, which provides information about the District's cash receipts and cash payments during the reporting period. The Statement of Cash Flows reports cash receipts, cash payments and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

SANTA YNEZ COMMUNITY SERVICES DISTRICT
Management's Discussion and Analysis (Unaudited)
For the Years Ended June 30, 2020 and 2019

FINANCIAL ANALYSIS OF THE DISTRICT

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of this year's activities?" The Balance Sheet and the Statement of Revenues, Expenses and Changes in Net Position report information about the District in a way that helps answer this question.

These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, zoning and new or changed government legislation.

Condensed Balance Sheets

	<u>June 30, 2021</u>	<u>June 30, 2020</u>	<u>Change</u>
Assets:			
Current assets	\$ 4,897,041	\$ 4,397,253	\$ 499,788
Capital assets, net	<u>3,206,334</u>	<u>3,566,295</u>	<u>(359,961)</u>
Total assets	<u>\$ 8,103,375</u>	<u>\$ 7,963,548</u>	<u>\$ 139,827</u>
Liabilities:			
Current liabilities	<u>\$ 302,648</u>	<u>\$ 84,885</u>	<u>\$ 217,763</u>
Total liabilities	<u>302,648</u>	<u>84,885</u>	<u>217,763</u>
Net position:			
Investment in capital assets	2,733,103	2,895,886	(162,783)
Unrestricted	<u>5,067,624</u>	<u>4,982,777</u>	<u>84,847</u>
Total net position	<u>7,800,727</u>	<u>7,878,663</u>	<u>(77,936)</u>
Total liabilities and net position	<u>\$ 8,103,375</u>	<u>\$ 7,963,548</u>	<u>\$ 139,827</u>

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources by \$7,800,727 as of June 30, 2021.

A portion of the District's net position (35% as of June 30, 2021) reflects the District's investment in capital assets (net of accumulated depreciation) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending.

At the end of year 2021, the District showed a positive balance in its unrestricted net position of \$5,067,624 which may be utilized in future years.

SANTA YNEZ COMMUNITY SERVICES DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Description of Organization

The Santa Ynez Community Services District (District) is an independent governmental unit within the unincorporated area of the County of Santa Barbara and derives its decision-making capabilities from State legislation. The District was formed in 1971, pursuant to Section 61000, Title 6, Division 2 of the Community Services District Law of the State of California. The primary purposes of the District are the collection, treatment, and disposal of sewage for inhabitants of the District.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of Governmental Accounting Standards Board Statement No. 61, The Financial Reporting Entity (GASB Statement No. 61). The District is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The District is financially accountable if it appoints a voting majority of the organization's governing body and: 1) It is able to impose its will on that organization, or 2) There is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

B. Basis of Presentation, Basis of Accounting

The District reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the District is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied.

Operating revenues are those revenues that are generated from the primary operations of the District. The District reports a measure of operations by presenting the change in net position from operations as operating income in the statement of revenues, expenses, and changes in net position. Operating activities are defined by the District as all activities other than financing and investing activities (interest expense and investment income), grants and subsidies, and other infrequently occurring transactions of a non-operating nature. Operating expenses are those expenses that are essential to the primary operations of the District. All other expenses are reported as non-operating expenses.

SANTA YNEZ COMMUNITY SERVICES DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows of Resources, Liabilities, and Net Position

1. Cash and Cash Equivalents

The District considers cash and cash equivalents to be cash on hand and demand deposits.

2. Fair Value Measurements

In accordance with fair value measurements, the District categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement.

Financial assets and liabilities recorded on the balance sheet are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The District has the ability to access the holding and quoted prices as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the District’s own assumptions about the factors market participants would use in pricing an investment, and is based on the best information available in the circumstances.

3. Prepaids

Certain payments of vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

4. Capital Assets

Capital assets are recorded in the government-wide financial statements. Included in capital assets are land, building, building improvements, equipment and furniture and fixtures. District policy has set the capitalization threshold for reporting capital assets at \$5,000. Donated assets are recorded at estimated fair market value at the date of donation. Capital outlay is recorded as expenditures of the General Fund and as assets in the government-wide financial statements to the extent the District’s capitalization threshold is met. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

<u>Asset Class</u>	<u>Useful Lives</u>
Structures and improvements	30-50 years
Furniture and equipment	5-20 years

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Assets, Deferred Outflows of Resources, Liabilities, and Net Position (Continued)

5. Compensated Absences

The District's policy is to permit employees to accumulate an amount of earned vacation pay and sick leave benefits.

6. Net Position

Net position is classified into two components: net investment in capital assets and unrestricted. These classifications are defined as follows:

Investment in capital assets - This component of net position consists of capital assets net of accumulated depreciation.

Unrestricted net position - This component of net position consists of net position that is available for operations.

7. Capital Contributions

Capital contributions represent cash, capital grants and capital asset additions contributed to the District by outside parties.

D. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

E. Property Taxes and Special Assessments

Property taxes and special assessments attach as an enforceable lien on property as of January 1, each year. Secured property taxes are levied on July 1 and are payable in two installments, on December 10 and April 10. The County of Santa Barbara Assessor's Office assesses all real and personal property within the County each year. Property tax in California is levied in accordance with Article 13A of the State Constitution at one (1%) of countywide assessed valuations. The County of Santa Barbara Treasurer's Office remits an undisclosed portion of the one (1%) current and delinquent property tax collections and special assessments to the District throughout the year.

The property tax calendar is as follows:

Lien date March 1
Levy date July 1
Due dates November 1 and March 1
Collection dates December 10 and November 10

F. Reclassifications

The District has reclassified certain prior year information to conform with current year presentation.

SANTA YNEZ COMMUNITY SERVICES DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 2 – CASH AND INVESTMENTS

Cash and cash equivalents consisted of the following at June 30:

<u>Description</u>	<u>June 30, 2021</u>
Cash on hand	\$ 150
Demand deposits with financial institutions	109,269
Money market mutual funds	4,535,714
Local agency investment fund (LAIF)	<u>162,480</u>
Total cash and cash equivalents	<u>\$ 4,807,613</u>

Demand Deposits with Financial Institutions

At June 30, 2021 and 2020, the carrying amount of the District's demand deposits were \$629,227 and \$1,161,856, respectively, and the financial institution's balances were \$637,031 and \$1,161,857, respectively. The net difference represents outstanding checks, deposits-in-transit and/or other reconciling items between the financial institution's balance and the District's balance for each year.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

Money-Market Funds

Money-market funds are an investment whose objective is to earn modest investment earnings while maintaining a net asset value (NAV) of \$1 per share (which is the funds main goal – preservation of principal). A money-market fund's portfolio is typically comprised of short-term, or less than one year, securities representing high-quality, liquid debt and monetary instruments with minimal credit risk. Money-market funds are Level 1 investments (with quoted prices in active markets for identical assets) that are Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers money market funds a cash equivalent due to their highly liquid nature and NAV of \$1 per share. As of June 30, 2021, the District held \$4,535,714 in money market funds.

Local Agency Investment Fund (LAIF)

The California State Treasurer, through the Pooled Money Investment Account (PMIA), invests taxpayers' money to manage the State's cash flow and strengthen the financial security of local governmental entities. PMIA policy sets as primary investment objectives safety, liquidity and yield. Through the PMIA, the Investment Division manages the Local Agency Investment Fund (LAIF). The LAIF allows cities, counties and special districts to place money in a major portfolio and, at no additional costs to taxpayers, use the expertise of Investment Division staff. Participating agencies can withdraw their funds from the LAIF at any time as LAIF is highly liquid and carries a dollar-in dollar-out amortized cost methodology.

NOTE 2 – CASH AND INVESTMENTS (Continued)

Local Agency Investment Fund (LAIF) (Continued)

The District is a voluntary participant in LAIF. The fair value of the District's investment in this pool is reported at an amount based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of the of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not categorized under the fair value hierarchy established by GAAP as it is held at an amortized cost basis and it is Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers LAIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology. As of June 30, 2021, the District held \$162,480 in LAIF.

NOTE 3 – CAPITAL ASSETS

Changes in capital assets for the year were as follows:

<u>Description</u>	<u>Balance July 1, 2020</u>	<u>Additions/ Transfers</u>	<u>Deletions/ Transfers</u>	<u>Balance June 30, 2021</u>
Non-depreciable capital assets:				
Land	\$ 149,109	\$ -	\$ -	\$ 149,109
Construction-in-progress	521,300	152,943	(350,121)	324,122
Total non-depreciable capital assets	670,409	152,943	(350,121)	473,231
Depreciable capital assets:				
Structures and improvements	6,450,163	-	-	6,450,163
Furniture and equipment	268,507	-	-	268,507
Total depreciable capital assets	6,718,670	-	-	6,718,670
Accumulated depreciation:				
Structures and improvements	(3,596,762)	(503,156)	350,121	(3,749,797)
Furniture and equipment	(226,022)	(9,748)	-	(235,770)
Total accumulated depreciation	(3,822,784)	(512,904)	350,121	(3,985,567)
Total depreciable capital assets, net	2,895,886	(512,904)	350,121	2,733,103
Total capital assets, net	\$ 3,566,295	\$ (359,961)	\$ -	\$ 3,206,334

NOTE 4 – COMPENSATED ABSENCES

Changes in compensated absences were as follows:

<u>Balance July 1, 2020</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2021</u>
\$ 21,953	\$ 31,578	\$ (25,624)	\$ 27,907

NOTE 5 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Special District Risk Management Authority (SDRMA), an intergovernmental risk sharing joint powers authority created to provide self-insurance programs for California special districts. The purpose of the SDRMA is to arrange and administer programs of self-insured losses and to purchase excess insurance coverage.

A. Entity	SDRMA	
B. Purpose	To pool member contributions and realize the advantages of self-insurance	
C. Participants	As of June 30, 2020 – 505 member agencies	
D. Governing board	Seven representatives employed by members	
E. District payments for FY 2020:		
Property/Liability policy	\$18,213	
F. Condensed financial information	June 30, 2020	
Statement of net position:		<u>June 30, 2020</u>
Total assets		<u>\$ 130,676,871</u>
Deferred outflows		<u>595,599</u>
Total liabilities		<u>70,083,643</u>
Deferred inflows		<u>246,193</u>
Net position		<u>\$ 60,942,634</u>
Statement of revenues, expenses and changes in net position:		
Total revenues		\$ 82,459,850
Total expenses		<u>(77,881,779)</u>
Change in net position		4,578,071
Beginning - net position		<u>56,364,563</u>
Ending - net position		<u>\$ 60,942,634</u>
G. Member agencies share of year-end financial position		Not Calculated

SANTA YNEZ COMMUNITY SERVICES DISTRICT

Notes to Financial Statements

June 30, 2021

NOTE 5 – RISK MANAGEMENT (Continued)

At June 30, 2021, the District participated in the liability and property programs of the SDRMA as follows:

- General and auto liability, public officials and employees' errors and omissions: Total risk financing self-insurance limits of \$5,000,000, combined single limit at \$5,000,000 per occurrence. The District purchased additional excess coverage layers: \$10,000,000 for general, auto and public officials liability, which increases the limits on the insurance coverage noted above.

In addition to the above, the District also has the following insurance coverage:

- Employee dishonesty coverage up to \$1,000,000 per loss includes public employee dishonesty, forgery or alteration and theft, disappearance and destruction coverage's.
- Property loss is paid at the replacement cost for property on file, if replaced within three years after the loss, otherwise paid on an actual cash value basis, to a combined total of \$1.0 billion per occurrence, subject to a \$1,000 deductible per occurrence.
- Boiler and machinery coverage for the replacement cost up to \$100 million per occurrence, subject to a \$1,000 deductible per occurrence.
- Public officials personal liability up to \$500,000 each occurrence, with an annual aggregate of \$500,000 per each elected/appointed official to which this coverage applies, subject to the terms, with a deductible of \$500 per claim.
- Workers' compensation insurance per statutory requirements and Employer's Liability Coverage up to \$5 million.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years. There were no reductions in insurance coverage in fiscal year 2021, 2020 and 2019. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2021, 2020 and 2019.

NOTE 6 – COMMITMENTS AND CONTINGENCIES

Litigation

The District is involved in routine litigation incidental to its business and may be subject to claims and litigation from outside parties. After consultation with legal counsel and/or management, management believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

NOTE 7 – SUBSEQUENT EVENTS

The District has evaluated subsequent events through December 31, 2021, the date which the financial statements were available to be issued.

Other Independent Auditors' Reports

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Santa Ynez Community Services District
Santa Ynez, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Santa Ynez Community Services District (District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 31, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
