Mission Statement

The District's mission is to respond to the needs of its citizens and represent them, as a group, at State and Federal levels in solving local problems affecting the common good.

C. Force Main Update – Update on the status of the revised design for access at the Hwy 246 elbow.

Note: Cannon was authorized to proceed with plans and technical specifications to replace a short section of the force main, including the 22.5-degree bend, and to replace a short section of the trunk line that includes a joint in the existing 12” VCP pipe along Hwy 246/Mission Drive. The trunk line replacement will be located along the south shoulder of Hwy 246/Mission Drive, either just west of MH 0222 (Sienna Way) or just west of MH 0226 (Marcelino Drive). The district will need to resubmit to Caltrans for additional approval.

D. VCP Seals/Gaskets on Highway 246 – Determine a suitable location, preferably representative, dig up to conduct a visual inspection, and then further determine whether to cut and inspect the section at the seal/gasket.

E. Manhole Relining Project – Status relining for the manholes

F. New Meter Location – Cannon (Matt van der Linden) requested price quotes for 3 alternative approaches to metering 3 District trunk line manholes using the McCrometer-Hach Flo-Dar metering system.

G. Other Items Specific to Wastewater/Collections – Any additional topics.
